

## **Medications**

If your child requires prescription or non-prescription medication (i.e., Tylenol, Motrin) during the school day, the parent/guardian and the doctor must complete the medications form. All medications, except inhalers and epi-pens, are kept in the nurse's office. The parent is requested to pick up any medications in the nurse's office in June. The doctor's order **must** be renewed each school year.

**All medications must be brought to school by a parent/guardian and must be in the original container. This includes both prescription and non-prescription. Please do not send the medication in with your child.**

**Notify the nurse immediately if your child uses an inhaler for asthma or an epi-pen for allergic reactions. Your child may self administer an inhaler or epi-pen when the medication form is complete.**
