At Youtube club you can expect selected students who know a lot about the app to help others in need. If you are a Youtuber yourself you can make videos with peers in a quiet and relaxing place. Also if you are a Youtuber and want to know how to improve your videos, this club is for you. If you don't have a Youtube channel and want to make one, we will help you make a channel of your own. Finally if you don't want a channel but just want to come to chill, you are welcome to watch Youtube or be involved with other Youtubers.
